PROFESSIONAL EXPERIENCE

TELUS

Aug 2020 – Feb 2026

Senior Business Analyst, Toronto, ON | Nov 2023 – Feb 2026

Supported Day 2 Customer Care and Customer Assurance teams resolving business customer service, incident, product, and technical support issues. Led BA work across digital transformation, migration, AI, compliance, analytics, and service improvement projects.

- Accelerated requirements sign-off by 27% within 9 months by facilitating stakeholder interviews, impact analysis, and process-mapping sessions for Salesforce Lightning, Voicemail Migration, 3G Shutdown/LTE, and ServiceNow WFM initiatives.
- Reduced rework by 31% within 2 release cycles by translating business proposals into clear requirements, business specifications, user stories, test scenarios, and operational procedures.
- Improved incident reporting accuracy by 24% within 6 months by analyzing closure-code data, validating report outputs, and recommending audit controls for MPaaS Incident Closure and Insight initiatives.
- Generated \$418K in estimated annual efficiency gains within 12 months by simplifying workflows, identifying automation opportunities, and improving handoffs between Customer Care, Assurance, IT, product, and vendor teams.
- Shortened issue-resolution timelines by 22% within 2 quarters by evaluating service workflows, roles, responsibilities, escalation paths, and integration impacts across Wireline, Wireless, IoT, Cisco DNA, Fortinet, and BwHSIA 5G services.
- Strengthened release readiness by 18% within 5 months by coordinating QA/UAT, test scripts, defect documentation, data validation, and final business sign-off for migration and enhancement projects.
- Increased executive visibility by 34% within 1 year by developing dashboards, operational metrics, risk indicators, and senior-management updates using Excel, Power BI/Tableau concepts, SharePoint, and AI-enabled reporting tools.

Business Analyst, Toronto, ON | Nov 2021 – Nov 2023

Delivered business analysis for process, configuration, feature/function, policy, service, and system changes supporting enterprise business customer operations.

- Improved implementation planning by 26% within 8 months by determining process, configuration, and feature/function requirements for policy, contract, system upgrade, and enhancement initiatives.
- Reduced post-release support issues by 23% within 2 quarters by documenting workflows, procedures, roles, responsibilities, integration impacts, and conversion considerations before deployment.
- Increased adoption by 19% within 6 months by preparing training material, facilitating staff walkthroughs, and supporting business readiness for new systems, reports, and operational changes.
- Improved reporting turnaround by 28% within 9 months by preparing management reports, analyzing service performance, and recommending process improvements across multiple client portfolios.

- Enhanced prioritization accuracy by 21% within 2 quarters by reviewing change requests, clarifying business value, documenting dependencies, and coordinating with project teams on timelines and risks.

Business Account Specialist, Toronto, ON | Aug 2020 – Nov 2021

Advised small-business clients on telecom solutions while analyzing business needs, service gaps, and product-fit opportunities.

- Grew qualified opportunities by 29% within 9 months by assessing client workflows, service issues, and technology needs to recommend tailored Wireline, Wireless, and business solutions.
- Improved forecast accuracy by 17% within 2 quarters by maintaining CRM data, funnel updates, account notes, and stakeholder follow-ups.

BELL CANADA**Jan 2018 – Aug 2020****Business Account Executive, Toronto, ON**

Managed business client relationships, solution proposals, CRM reporting, and full-cycle service recommendations.

- Increased Smart Home/cloud-based service sales by 32% quarterly by analyzing customer needs, preparing proposals, and presenting solution options through Salesforce CRM.
- Improved service conversion by 16% within 6 months by refining customer presentations, cross-selling strategy, and follow-up workflows.

ASUS INC.**Jan 2016 – Nov 2017****Senior Program Manager, Tehran, Iran**

Led regional product-launch and service-improvement initiatives with cross-functional marketing, finance, and operations teams.

- Increased regional performance by 18% within 1 year by coordinating concurrent launch plans, cost estimates, workflow analysis, and distributor execution.
- Avoided \$286K in estimated costs within 10 months by improving project planning, resource allocation, and risk tracking across product-introduction initiatives.

VISTA CO.**Jan 2014 – Jan 2016****Project Manager, Tehran, Iran**

Managed project scope, schedules, risks, quality controls, and stakeholder communications for client-facing delivery initiatives.

- Accelerated project-cycle completion by 25% within 12 months by clarifying scope, deliverables, schedules, risks, and acceptance criteria with clients and delivery teams.
- Reduced delivery issues by 21% within 9 months by strengthening quality checks, inspections, testing coordination, and issue-resolution tracking.

SATSA CO.**Jun 2012 – Jan 2014****Business System Analyst, Tehran, Iran**

Supported business system analysis, reporting, stakeholder engagement, and technology-solution design for senior managers and public-sector clients.

- Improved executive reporting efficiency by 24% within 1 year by preparing quarterly reports, documenting business processes, and coordinating solution discussions with senior managers and system engineers.
